

## EXHIBIT 3

The screenshot displays the VINELink website interface. At the top, the VINELink logo is followed by the text "VICTIMS HAVE THE RIGHT TO KNOW". Below this, a dropdown menu prompts the user to "Please Select Your State of Interest", with "South Carolina" currently selected. To the right, there is a language selector set to "English" and a "Quick Help" button. The main header features the "SOUTH CAROLINA SAVIN" logo, which includes a palm tree icon and the text "STATEWIDE AUTOMATED VICTIM INFORMATION AND NOTIFICATION".

Below the header, four circular icons represent different services:

- FIND AN OFFENDER**: Get info and register to be notified of custody status changes.
- FIND A PROBATIONER OR PAROLEE**: Get info and register to be notified of probationer or parolee status changes.
- EDIT YOUR REGISTRATION**: Review and edit your registrations.
- DISCOVER MORE STATE RESOURCES**: Learn more about the resources and the information your state provides.

The main content area contains a welcome message: "Welcome to VINELink, an online portal to VINE, America's number one victim notification network. VINE has been providing victims and concerned citizens with the power of information for decades, allowing these individuals to have the sense of security that they deserve. VINELink can be accessed 24 hours a day, seven days a week, to provide the most reliable information for custody status changes and criminal case information."

Below the welcome message, it states: "The VINE service provides information by phone, email, TTY, and text message where available. You may also sign up through your participating state, or county's toll-free number."

Next, it says: "Any information you provide to us in connection with your request for notification is held strictly confidential, and will never be shared with anyone outside of our VINE services, or used for any purpose other than to provide you with the VINE services, including notification of offender custody status changes and criminal case information at your request. For more information, see our VINE Privacy Notice."

Then, it mentions: "VINE service representatives may contact you from time to time to ask about your experience with the VINELink site and our VINE services. Your responses may be used for research or testimonial purposes but only with your express permission, which you can change at any time."

At the bottom of the main content area, it says: "See how the [power of VINE](#) can work for you!" followed by links for [VINE Training Resources](#) and [National Victim Resources](#).

The footer of the page features the "APPRISS SAFETY" logo, which consists of a stylized flower icon and the text "APPRISS SAFETY".

The Windows taskbar at the bottom shows the search bar with the text "Type here to search", several application icons (including Edge, File Explorer, Word, and Chrome), and the system clock displaying "9:12 AM 1/22/2020".
